

# AIB Online Courses

## *How Do They Work?*

The course will be facilitated by an instructor who will guide you through each lesson and is available to answer questions and provide feedback on your assignments. Each week, you will receive an assignment over the Internet. The assignment will include:

- ▶ Reading a chapter in your textbook (provided through the mail before the course begins)
- ▶ Completing a short assignment and either forwarding the assignment electronically to your instructor or posting it on the electronic class Discussion Board
- ▶ Taking a self-check test

In addition, you also will have some assignments where you will collaborate with other students using electronic discussion boards, chat rooms, and e-mail.

The semester length courses will have a mid-term examination and a final examination. These examinations and the self-check quizzes for each assignment will be taken electronically over the Internet. Your overall grade for the class will be based on your performance on the weekly assignments, mid-term examinations and the final examination.

Semester length courses last for 16 weeks including a week devoted to each of the two midterms and the final. Seminars last for 5 weeks. Please check each individual course description for course prices.
