

2011 MBA Bank Compensation & Benefits Survey

Maintain Your Competitive Edge – Retain Your Employees

The MBA Service Corporation along with Management Resource Center, Inc. conducts an annual compensation and benefits survey. This easy to use management tool will help banks compete in the marketplace by making informed compensation and benefit related decisions. The report contains base pay and incentive information for over 90 positions as well as current trends for employee benefits. The data is organized by asset size and geographic regions. This is the most comprehensive survey of its kind in Michigan and is exclusive to the financial industry.
